A Special Meeting of the Clinton Township Board of Trustees was held on August 27th at 6pm at 3820 Cleveland Ave. Present were Trustees Jane Cera, Carl Reardon, and Aliena Sword, Fiscal Officer Deb Steele, Township Administrator Vaughn, Superintendent Fleig, Code, and several residents.

GENERAL

Bob Destefano who is a Highway Design Supervisor for the Franklin County Engineers Office reviewed potential drainage improvements for Ormond Ave and Sale Rd. There was much discussion with the Board and residents about where storm waters currently drain. When residents park vehicles along the side of the road that negatively impacts the storm drains. Although Sale Rd. was considered as a part of the grant, Sale Rd. sits lower than surrounding homes and it will be a much bigger project to raise it. Even then, the drainage will be impacted by parking. There was a general consensus that the Ormond Ave project looked like a stronger application.
